

Dear Bappaditya,

I am very delighted to know that tomorrow August 21st, the Prantakatha steps into 15th year of its flowering. In such a short time it has since grown in all its vibrancy and lustre, touching lives of thousands of people in need and distress. I hail its outstanding relief operations rendered, under your dynamic leadership, during the Amphan cyclone in the coastal areas of the Sundarbans, ravaged by the nature's fury. The other difficult battle being sustained by the organisation with full commitment and "service above self," is against the Corona and pandemic. It's a matter of great pride that the 'yeomen's service' on both the fronts, has been recognised and acclaimed both by society and the government. I wish Prantakatha and its dedicated volunteers all the very best on its anniversary. May God Almighty be always with them to guide and lead to greater heights of accomplishments and glory in the coming years.

Warmly..

Shyamal Datta

Former Governor of Nagaland

Former Dir. of Intelligence Bureau, Govt of India
